MicroStrategy®

SAP

Seamless Integration of SAP and MicroStrategy
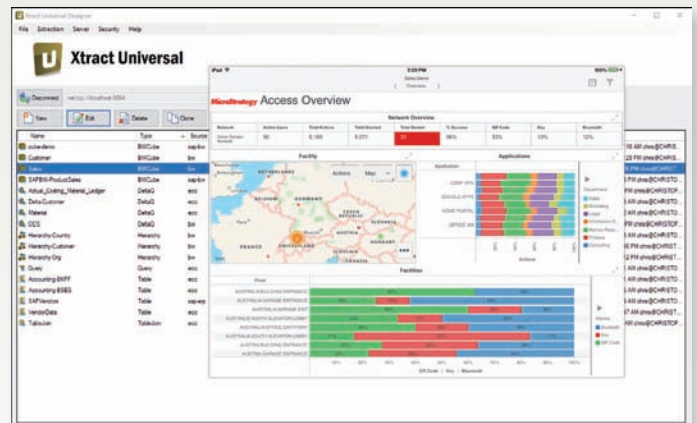

Xtract Universal for MicroStrategy

Integrate SAP data into the MicroStrategy enterprise analytics and mobility platform - fast, straight-forward and user-friendly.

Xtract Universal enables you to bring SAP data to your MicroStrategy solutions in a performant and reliable manner. Significantly reduce development and deployment time, with a high degree of automation.

The result is maximum ROI with minimum risk and cost.

Your advantages:

» Quick installation and configuration – achieve results in days, not weeks or months

» Minimal to zero intrusion in your SAP system

» Works with SAP BW as well as the SAP business suite (ERP, CRM, etc.), including the latest releases on SAP HANA

» Extract all kinds of SAP objects such as Tables, Queries, InfoCubes, BAPIs, ABAP Reports and Hierarchies

» Push SAP data directly into MicroStrategy Intelligent Cubes

» Delta-mechanism for incremental extractions

» Simple and user-friendly; no programming or complex syntax required

» Central monitoring and process monitoring for completecontrol of SAP access

» Based on SAP certified technology

Demo version

» Evaluate for 4 weeks without any costs or restrictions.

» Take your time to get to know Xtract Universal.

» Benefit from our free pre-sales support service during your product trial.
